● ARTIFICIAL INTELLIGENCE

A white humanoid robot with a blue eye and a backpack-like structure on its back, standing in front of children. The robot is the central focus of the image, with its arms slightly outstretched. It has a white head with a single blue eye and a white body with a backpack-like structure on its back. The background is dark and out of focus, showing the heads and shoulders of several children looking at the robot.

San Diego School Unveils \$500,000 ChatGPT-Powered Humanoid to Serve as Teacher, Counsellor and Translator
